EDUCATION

- ❖ Bachelor Of Technology in Computer Science
- ❖ Intermediate (XII)
- ❖ Matriculate(X)

GLA University, Mathura, UP (2026)
CBS Public School, Agra, UP (2021)
CBS Public School, Agra, UP (2019)

TECHNICAL SKILLS

- ❖ Programming: Java
- ❖ Version Control: GIT, GitHub
- ❖ Developer Tools: LINUX
- ❖ Frontend: HTML, CSS, Bootstrap, JavaScript, React.js
- ❖ Backend: Node.js, Express.js
- ❖ Database: MongoDB
- ❖ Programming Concepts: Data Structures & Algorithms(DSA), Object-Oriented Programming(OOPs)
- ❖ Web Development: RESTful APIs, Full-Stack Development
- ❖ Problem-Solving: **Solved 250+ Data Structure & Algorithms Questions** on Leetcode
- ❖ Soft Skills: Cross-Functional Collaboration, Agile TeamWork, Technical Communication

Projects

1.Yummy-Food Ordering App Project Link: <https://yummy-3up5.onrender.com>

Tech Stack: React.js, Bootstrap, HTML, CSS & JavaScript

Key Features

- ❖ User Authentication
- ❖ Built a full-fledged **User Authentication system** with secure Sign Up and Sign In using JWT tokens.
- ❖ Implemented features where users can **place orders, view order history, and manage cart items** easily.
- ❖ Integrated **Razorpay Payment Gateway** for smooth and secure online transactions.
- ❖ Added **live map functionality using React Leaflet**, allowing users to pick their delivery location directly from the map.
- ❖ Used **Kommunicate Chatbot** for real-time user support and basic query handling.
- ❖ Developed the backend using **Node.js and Express.js**, with **MongoDB** for storing user and order data.
- ❖ Frontend built using **React.js** and styled with **Bootstrap** for a responsive and clean UI.
- ❖ Deployed the application on **Render**, making it accessible publicly.

2.Developer's Community Project Link: <https://developerscommunity.onrender.com>

Tech Stack: React.js, Bootstrap, HTML, CSS & Javascript

Key Feature

- ❖ Designed and developed a clean, modern UI for a developers' community platform using React.js.
- ❖ Built responsive pages for Home, Login, Signup, Profile, and Community using Bootstrap and custom CSS.
- ❖ Followed **component-based architecture** to keep the codebase modular and reusable.
- ❖ Used **React Router** to handle smooth navigation between pages without reloading.
- ❖ Fully responsive layout that works across desktop, tablet, and mobile screens.

Experience

Open-Source Contributions

1.GirlScript Summer of Code (GSSoC) 2024 : Contributed to [IcyCo] under the mentorship of [Dharshi Balasubramaniyam].

Key Contributions

- ❖ Opened 3 PRs, which were successfully merged, improving the codebase and enhancing features.
- ❖ Improved user experience.
- ❖ Resolved issues, including feature enhancements, or documentation updates.
- ❖ Collaborated with a diverse team, utilizing Git and GitHub for version control and efficient code reviews.
- ❖ Delivered milestone on time, following agile practices to maintain project quality and timelines.
