EDUCATION

GLA University

Bachelor of Technology in Computer Science & Engineering

UP, India

Sep. 2022 – May 2026

TECHNICAL SKILLS

- **Fundamentals:** Data Structures, Algorithms, Optimization, Debugging
- **Languages:** Java, JavaScript, HTML, CSS
- **Web Frameworks:** Node.js, Express.js
- **Libraries:** React.js, Bootstrap
- **Database:** MongoDB, MySQL
- **Tools:** Git, GitHub

PROJECTS

Yummy Food Ordering App | Personal Project | [Project Link](#)

Code

Tech: HTML, CSS, JavaScript, React.js, Bootstrap, Node.js, Express.js, MongoDB

Key Features

- Built a full-stack food ordering application using MERN stack to handle dynamic user requests
- Implemented JWT authentication ensuring secure login system
- Integrated Razorpay payment gateway enabling real-time online transactions
- Added live location tracking using React Leaflet improving delivery accuracy
- Designed responsive UI improving user experience across devices

Developer's Community | Personal Project | [Project Link](#)

Code

Tech: HTML, CSS, JavaScript, React.js, Bootstrap

Key Features

- Designed and developed a modern and user-friendly UI for a developer community platform using React.js
- Created responsive pages (Home, Login, Signup, Profile, Community) using Bootstrap and custom CSS
- Applied component-based architecture for scalable and maintainable code
- Improved page load and navigation experience using React Router
- Ensured cross-device compatibility with a fully responsive design

ACHIEVEMENTS

- Solved 350+ DSA problems on [LeetCode](#)
- Active open-source contributor (GSSoC 2024)

ACHIEVEMENTS

Open-Source Contributions

GirlScript Summer of Code (GSSoC) 2024: Contributed to [IcyCo] under the mentorship of [Dharshi Balasubramaniam].

Key Contributions

- Opened 3+ merged pull requests, improving code quality and adding new features
- Enhanced user experience by resolving bugs and optimizing functionality
- Fixed issues including feature enhancements and documentation updates
- Collaborated with team members using Git and GitHub for version control and code reviews
- Delivered milestones on time by following agile development practices
